EDMONTON BULLETIN, MARCH 16TH, 1893.

MCCARTHY'S PLATFORM.

The following resolution of which Dalton McCarthy has given notice in the house of commons, is a short and clear statement of fact which embodies and expresses the policy which he proposes to lay before the country. The BULLETIN has no hesitation in saying that no matter how many or how few members of parliament vote for this resolution, or how the country votes on it when the time comes, it expresses the firm convictions of more of the people of Canada than any other policy that could be laid down on the most pressing question of the day in this country. It is a resolution for which every Northwest member should vote, and which the people of the Northwest in particular should support, not because it panders to their prejudices or favors their views but because they have been in a position to see more clearly than other section of the population the great injury that the policy which Mr. McCarthy desires to replace has done to the whole country, by crippling its growth in this its most growing part.

That since the introduction of the protective system sufficient time has elapsed for the establishment and development of such manufacturing industries as under existing conditions can be successfully carried on in Canada. Moreover many manufacturers, sheltered behind the ramparts thus erected, have formed combinations and trusts which prohibit competition and create and maintain monopolies. That the existing tariff, defensible only as a protective measure, has proved in many instances oppressive and burdensome to the great masses of the consuming classes, and especially to those engaged in agricultural pursuits, is unfair and unequal in its incidents, and has been productive of discontent, verging on disloyalty, among those who suffer from its injustice; that no sufficient reason has been adduced or exists requiring investigation respecting the foregoing facts, which are notorious, nor justifying delay in the passage of remedial legislation, which is imperative; that, in the opinion of this house, the tariff ought to be at once amended in respect to the matters herein indicated, and also by the substantial reduction of customs duties in favor of the United Kingdom, in whose markets all Canadian products are admitted duty free, and of those nations which under treaty obligations with Great Britain would be entitled to the same advantages, graduated, however, so as not unnecessarily to prejudice the business of the country nor to do wrong to those who have imported and paid duties in accordance with its provisions; and this house declares its readiness to make a like reduction in favor of such other portions of the empire, or with such other foreign countries, especially the United States of America, as are willing to reciprocate in matters of trade with Canada on fair and equitable terms."

The Toronto Empire's Montreal correspondent says that he has been informed by a gentleman just returned from the New England states, that there will be a heavy influx of Swedes into the the Canadian Northwest this spring and summer from the manufacturing towns of those states where the Swedes number about as many as the French Canadians, and the Empire's informant states that the Swedes about to leave for Canada have saved from \$5,000 to \$6,000 each and they will be found to be amongst the most desirable class of settlers who have yet made their way into the Dominion.

LECTURE.

Rev. G. W. Dean of Calgary lectured in the Methodist church, Edmonton, on Monday evening, to a good audience. The subject was "A Trip Through the Rockies and Selkirk on a railway velocipede." It was chiefly descriptive of the grand scenery along the C. P. R. through the mountains, and full justice was done the subject by the very able lecturer. Rev. D. G. McQueen was chairman. The choir of the Methodist church was in attendance and sang an opening chorus, "Sing Jehovah's Praises." Miss Phillips, organist, gave a solo, "Schubert's Serenade," as an intermission in the lecture. S. S. Taylor seconded by Jas. McDonald, moved a vote of thanks to the lecturer. The choir and audience sang God Save The Queen, and Rev. Mr. McQueen closed the meeting with the benediction.

IMMIGRATION.

Immigration from the United States may be considered as fairly set in. R. L. Alexander, travelling immigration agent on the C. & E. railway, reports that the following settlers arrived on Monday's train.—Chas. Thomas, Joseph Myers, John Sutherland, Wm. and Benj. Benish, and Chas. McCulloch, from Vermont State. Wm. Fogie, wife and two children, Adam Greibehaus, Adam and H. Ferrolein, and Wm. Lange, from Tacoma, Washington. John Krossa and Fred Roher from Platt county, Nebraska, all of whom are at present domiciled

in the immigration building at the railway station. These parties report that many others from their respective localities will follow soon.

Senator Almon of Halifax wants Thanksgiving day celebrated on Sunday. He says that as now kept it is a perfect shame and farce, devoted to horse racing, sports and military reviews in place of church services. Senator Almon is quite right.

The train of cars of the Canadian Pacific railway to be sent to the Chicago fair, will be one of the finest ever seen in America and what is better, both engine and coaches have been constructed at the company's works in Montreal. The locomotive weighs sixty-two and a half tons and its power will be sufficient to draw ten sleepers at a speed of sixty miles an hour. The World's Fair train will embrace this engine, baggage car, second class sleeper, day coach, dining car and sleeper.

A new dodge of the people who live by their wits is to advertise for suckers to purchase a beautiful engraving, "The Landing of Columbus," as authorized by the government, at the low price of \$2.50. Send on your money and you receive in time one of the new two cent U. S. Columbian stamps.

SUPREME COURT JUDGMENT.

C. H. Farlow vs. James Thomson and M. McCauley. This was an Edmonton suit tried at Calgary last January. The plaintiff claimed \$250 from M. McCauley for money alleged to be due from McCauley to him. Defendant McCauley pleaded payment to the late Richard Hardisty in 1895 and claimed that Farlow either had received it or the Hardisty estate had yet to pay it. James Thomson as executor defendant claiming that M. McCauley had never paid to the late Richard Hardisty. M. McCauley produced accounts showing payment, also other documentary evidence, but could not produce the lost receipt. Judgment was given (1) for the defendant McCauley but without costs on account of his losing the receipt. (2) Also for plaintiff Farlow against James Thomson with costs. P. J. Nolan, for plaintiff. Hon. J. A. Levesque, Q. C. and Geo. A. McCarter for defendant, James Thomson. S. B. Taylor, for defendant McCauley.

Correspondence.

In local affairs we are progressing slowly but being a perfectly honest community hope you will not think we have given away to a feeling of pride if I briefly mention some of the results we have thus far achieved.

We have five general stores, two hotels, two blacksmith shops, one meat market, one harness shop, one livery stable and a number of good residences and two well stocked lumber yards.

We have under construction, one livery barn 20x70 ft one restaurant, one harness shop, two stores, one residence and post master's Mission is enlarging his already spacious store.

In public buildings the land office for this place is to be built immediately and we are promised a building for the accommodation of immigrants who will I believe out number at this point those of any place between Calgary and Edmonton.

We are promised in the near future a school house second to none on this line. What makes this doubly sure is we are so fortunate as to have the right men for trustees Messrs. West, Gould and Norman.
